Skills

I am quick at learning and using thinking skills to solve problems. I am organized, efficient, and focused.

Education Experience

AUGUST 2024 - PRESENT

Cal Poly Humboldt

Major Courses:

- CS 111 - Computer Science Foundation 1
- CS 112 - Computer Science Foundation 2
- CS 211 - Data Structures
- CS 243 - Architecture
- CS 325 - Database Design
- CS 328 - Web-Apps Using Databases
- CS 100 - Critical Thinking W/ Computers
- SCI 100 - Becoming a STEM Professional
- MATH 102 - Algebra & Elementary Functions
- MATH 253 - Discrete Mathematics
- MATH 109 - Calculus
- STAT 109 - Introductory Biostatistics

Cumulative GPA - 3.939

Internship Experience – I was selected for and completed a sponsored collaborative research project hosted by the Cal Poly Humboldt Library. This project was a paid internship called the Terraform project, which I worked on with a fellow student for over two months. This project is an updated and revised educational simulation based on the current AR (Augmented Reality) sandbox that uses AI stream diffusion to graph a depth camera input onto a sand table and display landmarks such as mountains, forests, and bodies of water. This can be used for topological studies. The Terraform project can also be adapted for use with simulating other environments and terrains, such as deserts, glacial formations, and other regions of the world. I have also obtained an MIT copyright license for my work on the Terraform project.

Presidential Scholar – I have been named a Presidential Scholar, which is considered amongst the highest academic honors offered by Cal Poly Humboldt. It was awarded for exceptional grades, commitment, focus, and perseverance.

Dean's List – I have been chosen for the Dean's list for my consistent performance and grades

AUGUST 2020 - JUNE 2024

Arcata High School – *High School Diploma*

List of some classes

- AP Computer Programming
- Math experience through Integrated math 3 and beyond
- 4 years of Spanish
- Art 1 and AAI (Arcata Arts Institute, which required an extensive application process)
- Biology
- Chemistry
- 2 years of Culinary Arts

Cumulative GPA - 4.1

Overall GPA (4 years combined) - 4.02

I received awards from the academic office and principal for consistent performance and grades, as well as participation in off-campus activities such as community service.

Work Experience and Community Service

Summer 2023 - Present

Ramy Dickinson Construction, Arcata, California – *Contractor*

- I have worked as a building contractor apprentice and helped on the job site by moving materials, organizing, and actively helping with the construction
- Worked with construction equipment

Spring 2023 - Summer 2024

Arcata High School, Arcata, California

- I was selected to join the National Honor Society for my Junior and Senior year

- I was president of the Spanish National Honor Society
- I worked for the local Veterans' Hall to maintain the local environment
- I picked up trash along the side of the road for the Volunteer Trails Steward
- I worked to maintain trails with the Trinidad Coastal Land Trust

Spring 2019

Pacific Union School, Arcata, California

- I worked at a community center for a fundraiser called Cioppino & Vino.
- I worked for my school's daycare center after school hours.
- I cleaned and maintained the school grounds after hours and managed the school garden.
- I received many awards in elementary school for helpfulness, cooperation, and kindness

Skills

Hard Skills – Using computers and computer programs for creating code, developing programs, and working on various projects. I also worked physically with computer components to repair and rebuild them. I have experience with developing Artificial Intelligence. I also have experience in digital and visual art, as well as photo and video editing using Adobe and other independent apps.

Soft Skills – Reliability, motivation, efficiency, communication, and commitment. I can perform in-depth research. I also have the ability to collaborate with others as well as work independently.
